

CHROMATECH™

Colours In Concrete

WHY CHOOSE CHROMATECH?

ChromaTech is a collection of coloured concretes in a broad palette of tones. Soft or bright, natural or intense, ChromaTech™ allows you to create colourful designs with concrete as never before. And because the concrete is coloured throughout, it will never fade or wear away.

BENEFITS OF CHROMATECH

ChromaTech concrete provides:

- Vast array of colours to choose from.
- Colour that doesn't fade.
- Easy to finish
